

Freezer Cleaner LOW TEMPERATURE CLEANING AGENT

Freezer Cleaner is a special formula to clean a freezer without defrosting. The fast action formula looses stubborn built-up, iced soil deposits and works efficiently even at -30°C. This makes cleaning time shorter and cleaning frequency can be increased.

Freezer Cleaner is not flammable.

Application area: Freezers and cold storage rooms.

- **Clean** - Outstanding cleaning performance, easy to use allowing to increase the cleaning frequency.
- **Safe** - No more risk due to slippery floors on freezers.
- **Efficient** - Shorter overall cleaning time, as it is not necessary to turn off the freezer, thus reducing the energy costs.

USE INSTRUCTIONS

- 1 Check hygiene plan and product label for detailed use information.
- 2 Wear protective gloves when using **Freezer Cleaner**.
- 3 Apply **Freezer Cleaner** directly on the surface to be cleaned. On vertical surfaces apply with a dry cloth.
- 4 Let the product work for 10 to 20 minutes and scrub on stubborn soil if necessary.
- 5 Remove the product with a squeegee.
- 6 Alternatively, the product can also be used with cleaning machines like scrubber dryer or single disk machines.
