

Oven Rinse Power

RINSE ADDITIVE FOR AUTOMATIC OVEN CLEANING SYSTEMS

Oven Rinse Power is especially developed for ovens with an integrated cleaning system. Its easy and quick application will increase your hygiene standard and the lifetime of the oven. The specific formulation neutralises the alkalinity in the cooking cabinet and removes lime residue which builds up during the cooking process. This product leaves a dry, hygienic and sparkling clean surface and saves time and labour costs. **Oven Rinse Power** can be used with all automated cleaning systems in ovens and combi-steamers. For the cleaning step we recommend **Oven Cleaner Power**. Both products are designed to work together to ensure perfect cleaning results.

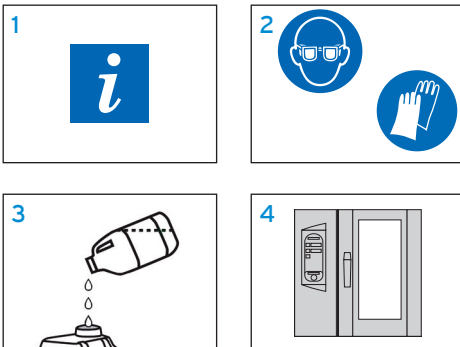

Recommended by Electrolux.

Application area: For ovens with integrated cleaning systems.

- **Performance:** Ensures shiny surfaces, even in the toughest water conditions.
- **Efficiency:** Fast rinsing action, saves water consumption and labour time.
- **Safety:** Automatic cleaning system, no product contact.

USE INSTRUCTIONS
